PROJECTS

WareHome
[03/2021 – 06/2021]

WareHome was a Windows.Forms application which a colleague and I developed as part of a "Software Engineering" course. Working on the project has provided me with skills in C# and documenting a software product.

Obitelji3Plus CRM
[10/2021 – Current]

Obitelji3Plus is a Customer Relationship Management project that the rest of my team and I are working on as part of our ongoing "Software analysis and design" course. I am working on the project using PHP (**Laravel**), JavaScript, HTML and CSS.

Dama pije sama

[Current]

"Dama Pije Sama" is a mobile application created in **Xamarin.Forms** and is, as of writing this project description, awaiting confirmation from Google to be published on the Google Play Store. Currently, only the Android version has been completed and is expected to receive updates, whereas the iOS version, due to technical limitations, will likely not see production before summer of 2022. The app is now available on the Google Play Store.

MANAGEMENT AND LEADERSHIP SKILLS

Team leading during college

During my years at university, I have been team leader numerous times. In a team surrounded by equally qualified peers, I find I tend to take charge and therefore I have acquired some skill in the area of management and leadership.

HOBBIES AND INTERESTS

Video games

I have been an avid gamer since I was a child, spending my time playing a range of videogame genres - mostly MMORPG games such as World of Warcraft where I have come to speak and understand the English language at an advanced level.

Movies

TV Shows

Technology

Smart devices such as phones, TVs, but also monitors, PCs and PC components.
